

Sixth Class

Hi everyone, we have put this work together for you to work on for the next week. There's nothing too difficult, we hope, but there's enough to keep your brains busy until life goes back to normal. If you have any problems with it at all please email us and we'll help if we can. We may recommend some online resources or websites for certain lessons. If there is any reason that you can't access these, also send us an email and we'll adjust our lessons. We hope that you've all been keeping safe and well, and you're not missing us too much! - Mr. Walsh (jwalsh6th@gmail.com) & Mr. Donoghue (dodonoghue6th@gmail.com)

Note: continue Mental Maths and Spellbound as normal

Maths:

Chapter 30 - Capacity + Volume (pg.184)

Monday:

- 184 B + C (make sure you include the 'l' and 'ml')
- 184 D (remember: to get the fraction of a litre, you can divide by the bottom and multiply by the top)
- 185 A

Tuesday:

- 185 B
- 185 C (change all amounts to litres - eg: 8L 8ML=8.008L)
- 186 A (4,5,6 are long division - try your best. Use calculator if very stuck)
- 186 B (addition - careful when writing out, do not mix up your ML and L)

Wednesday:

- 186 C
- 186 D
- 188 B (attempt all sums on paper before using a calculator)

Thursday:

- To get the volume of a 3D shape, you multiply the Length by the Depth by the Height (e.g: $2 \times 4 \times 5 = 40\text{cm}^3$)

- 187 A
- 187 B (include cm^3 in answer)
- 187 C
- 188 C

Friday:

- 188 D
- Find the volume of 5 3d shapes in your house (cubes + cuboids if possible)
- 187 D
- 187 E (multiply each amount by .04 and add on your answer)

Irish:

8 spellings to learn - choose 2 for each day - write them out 3 times each and repeat out loud

- An tAire Oideachais - Minister for Education
- Scrúdaithe stáit - State examinations
- Cinneadh - decision
- Srianata - restrictions
- Ag bácáil - baking
- Dhá ciliméadar - 2 km

- Fógra - announcement
 - Scolaíocht bhaile - home schooling
- Have a test at the end of the week on the 8 spellings.
- Keep a diary, using drawings and sentences, for each day this week. Include at least 3 pictures per day and at least 1 sentence per picture.

Monday:

- 2 spellings (as above)
- Diary day 1 (as above)
- Réamhfhocal 'le' (task 1) - complete 7 sentences

Tuesday:

- 2 spellings (as above)
- Diary day 2 (as above)
- Réamhfhocal 'le' (task 1) - complete 7 sentences

Wednesday:

- 2 spellings (as above)
- Diary day 3 (as above)
- Réamhfhocal 'le' (task 1) - complete 6 sentences

Thursday:

- 2 spellings (as above)
- Diary day 4 (as above)
- Réamhfhocal 'do' (task 2) - complete 7 sentences

Friday:

- SCRÚDÚ ☺ (test)
- Diary day 5 (as above)
- Réamhfhocal 'do' (task 2) - complete 7 sentences

English:

Monday:

A lot has happened so far in the novel so read over your previous work if you need reminding. Jimmy has gone from hating the Volunteers to helping them in chapter 9. He's also gone from liking to hating to liking the British soldiers again in chapter 14. He also goes from thinking that the fighting was "the very stuff of dreams" in chapter 8 to thinking it's "the worst thing in the world" in chapter 17.

Please write a one page response to the novel so far. Has your opinion changed on anything? It's not a summary, instead I just want you to say what you have found interesting, what you have learned (e.g. places/people involved, events that have happened), what you liked/disliked.

Tuesday:

Read chapter 20. Write a short Thank You note that Jimmy could have left the tramp (half a page).

Wednesday + Thursday:

Creative writing: For Wednesday and Thursday write a story with the title "The perfect escape". It can be about anything, but make sure it involves someone escaping from captivity of some sort. It

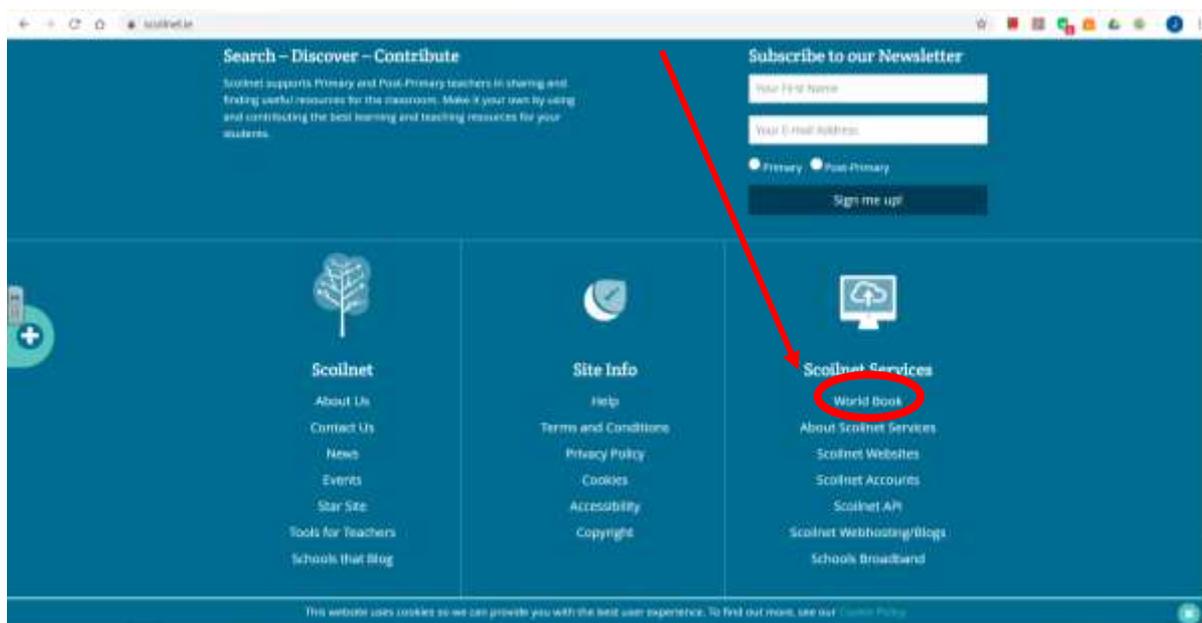

should be a minimum of two pages and make sure it has a clear beginning, middle and end.

Friday:

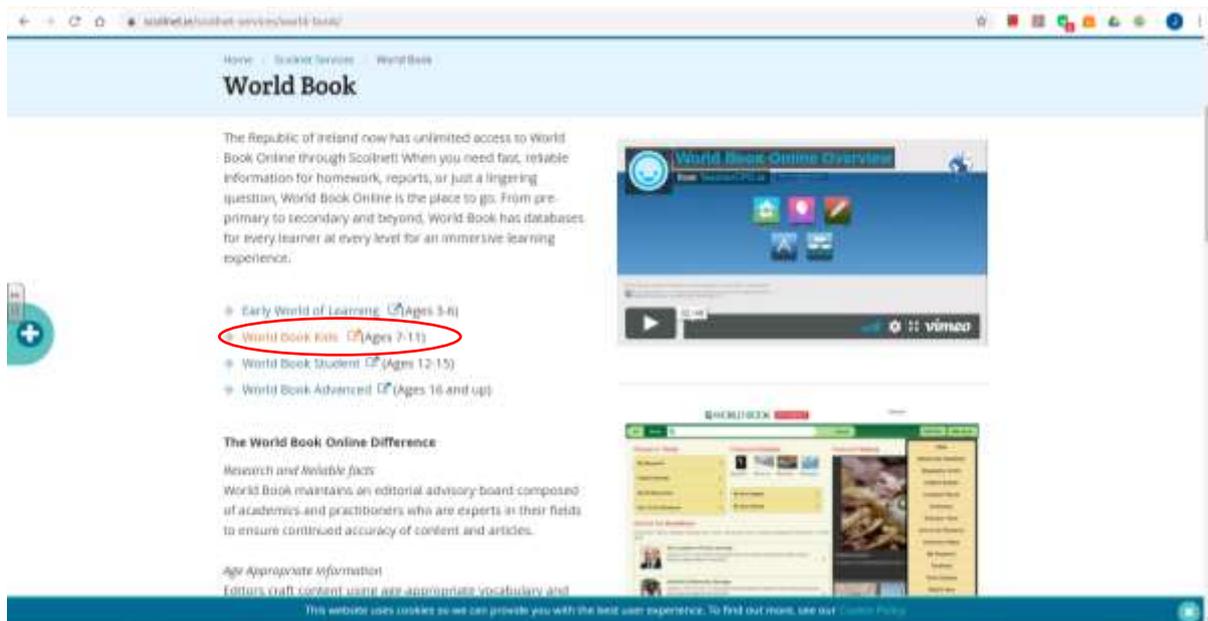

Read the poem "Bored" by Kenn Nesbitt and then write it out and draw a picture for each verse of what you visualise. Or just print it off and draw the pictures beside each verse.

Online resources:

For some lessons in the future, I might ask that you use "World Book Online" which can be accessed through the Scoilnet website. Otherwise you need to make an account. You can find the link on the bottom of the Scoilnet homepage.

When you click on that link, click on "Kids", and if you need to, click on "Kids" again on the following page.

You should see this page:

We can type almost anything into the search bar here and find good, reliable, easy-to-read information about it. There's also sections on the bottom that we might use.

Geography:

Monday (or when suits)

Log on to "World Book Online" and using the "Compare Places" icon on the bottom of the homepage, find information about both Africa and Europe (You'll find this under "Continents" by clicking on both).

Compare the two continents under five headings (some ideas: people, natural features, largest city, countries, products) by writing a sentence or two on each one. For example: "Africa has a population of 1,188,148,000 whereas Europe's population is only 723,651,000."

History:

Tuesday:

Read the piece titled 'Children of the 1916 Rising' and answer questions 1-10 using full sentences.

Science:

Wednesday (or when suits)

Use any of the following websites/resources to read about Photosynthesis. This is how green plants turn sunlight into food for themselves. It's a tricky concept with a lot of big words, so watch a video or use "World Book Online", or Ducksters.com to read about it. Then, try and simplify the process into a couple of sentences in your own words. Add some pictures if it helps. You can do the quiz on the Ducksters website if you feel like challenging yourself!

Other:

Even though it can be difficult in the middle of all this, REALLY TRY and get some exercise in every day. Do your ten-at-ten exercises, go for a run or a walk, play football, even just run up and down the

stairs. If you think of a game or challenge that other classmates could try out and we can add it to next week's work list. Some of us did a great job at eating healthier for Lent so try and keep it up. Eat a few pieces of fruit and veg every day, and drink plenty of water.
