

4/5/20

Sixth Class

Hello everyone, it looks like this will be the new normal for the foreseeable future. We have to just wait and see what arrangements will be put in place over the next few weeks, but obviously we're all very disappointed to not be able to finish the year together. At the end of the day as long as we're all safe and sound then things aren't too bad, so our advice is the same as before, look after yourselves and your family, and keep busy! - Mr. Walsh (jwalsh6th@gmail.com) & Mr. Donoghue (dodonoghue6th@gmail.com)

Note: continue Mental Maths and Spellbound as normal

Maths:

Chapter 16 - Time (pg. 102)

Monday:

- 102 B - 1,2+3
- 102 C
- 102 D - hint: if you divide 180kph in 60, you will get how many kilometers the car will travel per minute.

Tuesday:

- 102 E - hint: if it travels 120km in 60 minutes, find out how far it will travel in 1 minute
- 103 B
 - As shown in the example, to get the distance between towns you go across and down (use your finger as a guide) until the lines meet
 - For Q.6 = remember you are going AND returning
- 104 A Q.1 - divide and don't forget to add in 'kph'

Wednesday:

- 104 A Q.2 - if it was 20km in $\frac{1}{4}$ hour, it would be 80km in a full hour. So average speed = 80kph
- Finish 104 A
- 104 B - if the time is given in seconds, make sure to find how fast it travels per minute before finding KPH

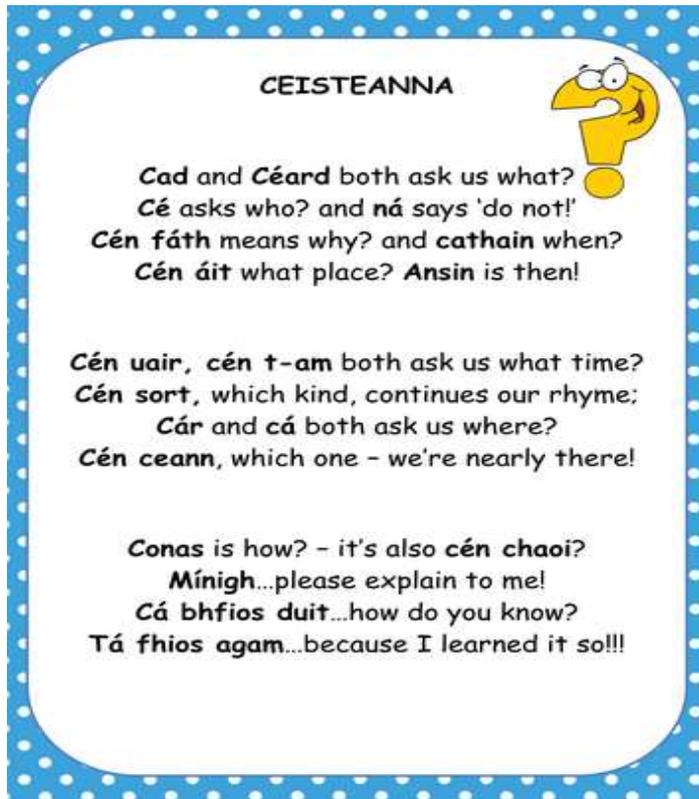

Thursday:

- 106 B Q.1
- 105 A - use an atlas to help you with Q.1
- 105 B - ex: if it's 2:00pm in Ireland, it is 5:00pm in Moscow (+3)

Friday:

- 106 B Q.2
- 106 C - For Q.1, drawing a sketch of the information given may help you find the answer
- 106 D + E

Irish:

Use this poem, that you learned in 5th class, to help you answer the questions in your Irish tasks

An aimsir - tubáistí nádúrtha (Abair Liom pg.108)

8 spellings to learn - choose 2 for each day - write them out 3 times each and repeat out loud

- Tubaiste - Disaster
- Nadúrtha - Natural
- Crith talún - Earthquake
- Hairicín - Hurricane
- Súnámaí - Tsunami
- An méanchiorcal - The equator
- Dóiteán foraoise - Forest fire
- Damáiste - Damage

Monday:

- Read through pg. 108 and answer these 4 questions:
 1. Cad a tharla i gCeanada i 2016?
 2. Cad a tharla i Neipeal i 2015?
 3. Cad a bhuaíl na Stáit Aontaithe i 2005?
 4. Cad a tharla san Indinéis i 2004?
- Translate the following words from pg.108:
 - Meiriceá Thuaidh =
 - Meiriceá Theas =
 - An Aifric =
 - An Eoraip =
 - An Áise =
 - An Astráil =
 - An tAntartach =

Tuesday:

- With a partner, if possible, read 'C. Comhrá' on pg.110 - swap roles
- Complete D - writing, using the vocabulary provided, about the weather in Ireland. Use your dictionary for words you don't understand

Wednesday

- 112 G - read each verb out loud x2 (Faigh = to get, Feic = to see, Ith = to eat)
- Complete the 12 sentences
- When you're finished, take a 4 minute break and then go back and closely check each of your answers

Thursday:

- 109 A - **CHOICE**

- Read paragraphs 1 and 2 + answer questions 1-4

OR

Read paragraphs 3 and 4 + answer questions 5-8

- 110 D - Choose a country with different weather to Ireland (An Spáinn?) and write 6 more sentences using the vocabulary.

Friday:

- Scrúdú litriú ☺
- 113 H - 9 questions on the weather forecast

English:

Monday:

Read chapters 22-24. It's about 12 pages so that's enough for one day, and you've finally finished the book!

Tuesday + Wednesday:

Write a book review of "The Guns of Easter" by Gerard Whelan. In your review include all the necessary details about the novel such as the author and some information on him if you can find it, the publisher, a summary of the plot (but don't give everything away!), and finally your opinion on different parts of the story. You've two days so aim for two pages.

Thursday:

Write a diary entry as Lily Conway from when Jimmy had left. Remember, he was gone for days in the middle of all the fighting, Ella arrived in the meantime, she would have heard stories about how bad it was and would have been worried sick about her son who was missing. One page.

Friday:

Design a new cover and title for the novel, and write a few sentences on why you prefer your own version.

Geography:

Monday (or when suits)

"Famine only happens when people don't produce enough food for themselves"

Do you agree or disagree with this statement? Write a response to this statement giving reasons and examples to back up your opinion. Remember how we write persuasive pieces, and remember what we learned last week about famine. Aim for $\frac{3}{4}$ of a page.

History:

Tuesday (or when suits)

History Quest 6 -

Chapter 4

- Pg. 35, Activity E - Final piece of work on the aboriginal people. Fill in the blanks you know before revising the chapter.

Chapter 6 - Daniel O'Connell

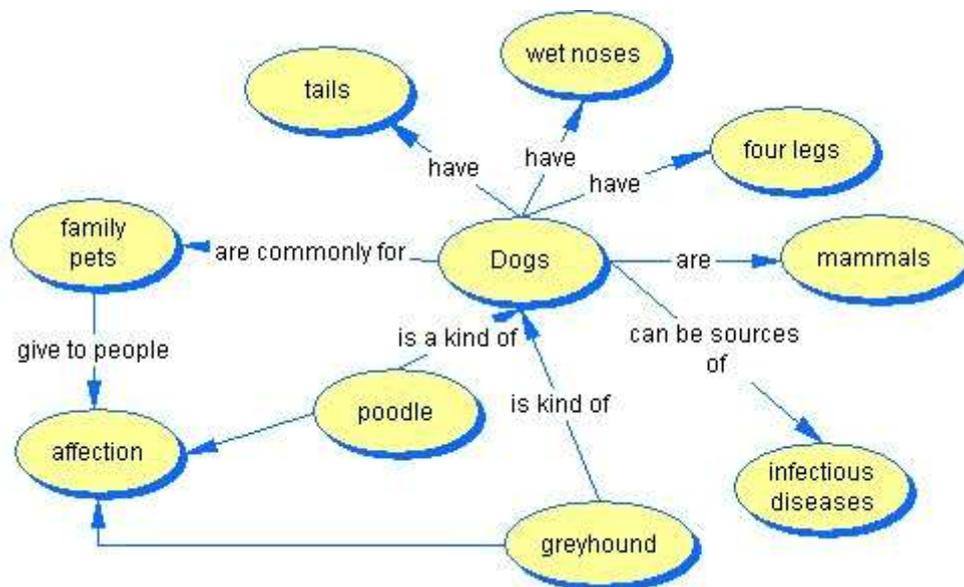

- Read pg. 44-47
- Answer questions 1-6 in 'Activity A' on page 51.
- Read the newspaper extract on pg.53 and answer questions 1-5 (For Q.5 - try to write at least over 3 lines)

Science:

Wednesday (or when suits)

Complete a concept map on electricity using the following words: *energy, appliances, environment, light, danger, useful, fossil fuels, cables, charge, static, conductor, insulator, and any more you know.*

This is a bit like a brainstorm, but you write any word relating to electricity on a page and write what connects them if at all possible between them. It helps remind us of what we know about a topic. See the dog example below. Each arrow/connection has an explanation on what connects them.

Read up on electricity on ducksters.com or World Book Online and see if you can add anything to your map.

Mindfulness:

Print off the page and each day, set a timer for 10-15 minutes long and work on colouring in the page. A great way to relax your mind and forget about what's going on around you 😊

*Continue if it worked well last week, going outside for a cycle, walk, kick etc works just as good.

Other:

Start a new book if you haven't already. It's a lot different reading a book without having to answer questions about it. You can find loads of ebooks and short stories on www.oxfordowl.co.uk

Pick a new form of exercise that you've never tried and try it out this week. See if you can do yoga, gymnastics, a TikTok dance, or an obstacle course. Just do it safely obviously!

Keep practicing your biodiversity identification skills and see if you can find more examples of trees, flowers, insects, birds in your area. Maybe try looking up a plant and animal before you go out and then try finding it. This is a really good resource for finding different species around Ireland: <https://maps.biodiversityireland.ie/Map>
